

Children Play and Education (EJE) and Voices Beyond Walls cordially invites you to the opening of two exhibitions and a screening of 6 shorts made by Palestinian Youth:

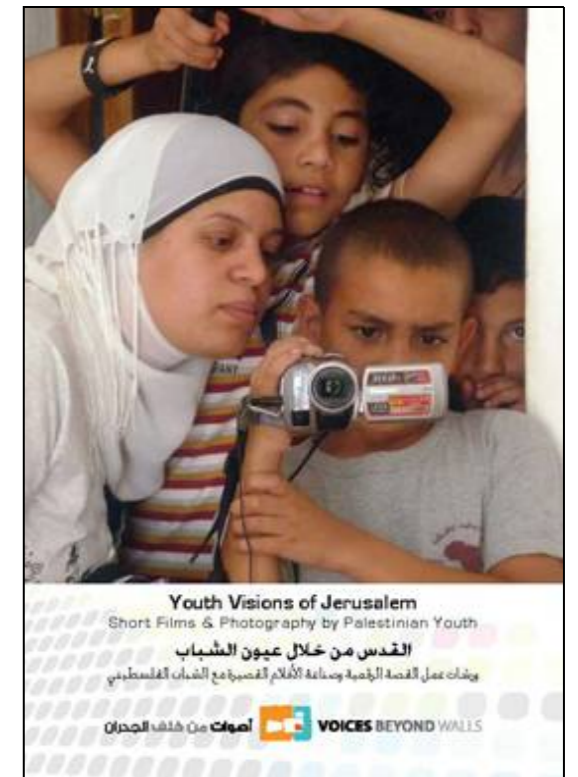

### *Through the lens of refugee children*

a photo exhibition made by a group of 10 Palestinian children from Al Arub Play and Activity Center along with the support of (EJE)

Both exhibitions and the films are a testimony of the creativity and vitality of Palestinian Youth. The event is also intended to strengthen links between Palestinians Youth on both sides of the Wall.
